BABY SPLASH 'N' PLAY

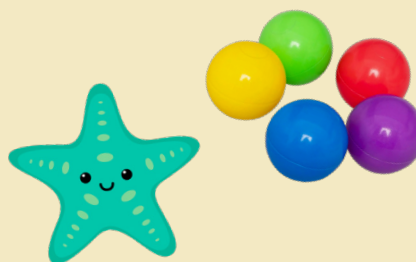

Introducing a new offering for Bluesalt Swim School, our Baby Splash 'n' Play. These sessions are all about preparing your baby for structured swimming lessons as well as a beginning to explore water play.

Sessions will be running Mondays, Tuesdays, and Thursdays 11:00am-11:30am, with a focus on **3-6month olds**. Once they reach 6 months of age, this will be a perfect transition into our 6-18month old toddler classes and will help provide a relaxing welcoming to our centre before structured lessons begin.

Benefits:

- Increases bond between caregivers and babies
- Early exposure to water
- Improve cognitive function
- Unstructured play

Sessions will commence from **28th of August**, with a cost of **\$7 per session**. One of our many experienced infant teachers will be on hand to provide any support or assistance if needed. We recommend bringing the following to your baby splash 'n' play sessions or your toddler classes in future:

- Your usual nappy bag supplies including nappies, wipes, change of clothes etc.
- Swim/ aqua nappy
- Bathers for you both
- A towel for you both
- A snack or feed for after your lesson

We have a ramp at the back of our pool building, accessible via our car park that allows you to bring the pram too! You are welcome to leave your pram on pool deck during classes to make changing and transporting your little one easier.

We welcome you to bring other family members or friends to watch you and your little one enjoy the water!

TEACHER SPOTLIGHT

We have so many amazing teachers and we would love to showcase all of them, and the astounding range of talent and skills.

NIKKI

Nikki has been working at Bluesalt for over 5 years and has continued to show growth and development towards her swim teacher career. Over the span of these 5 years, Nikki has undergone various training and professional development opportunities in order to provide swimming lessons for our students aged 6 months all the way to our squad swimmers.

Nikki first came to Australia in 2014, and surprisingly didn't know how to swim! She was thrown into lessons, and four years later was a competent swimmer that sought to pass on the skills she had learnt herself. Nikki loves to chat about each students favourite characters/ food/ shape or anything, and loves to have fun in all her classes.
